

Junior Data Analyst for Applied Knowledge & AI (Student Assistant)

Are you passionate about data analysis and visualization? Do you want to build Power BI reports that create insights and decision-making foundations for some of Denmark's largest infrastructure projects and facilities? Can you act as a bridge between technical data aspects and business needs? If so, we would love to hear from you!

About the Position

At Sund & Bælt, we are looking for a student assistant with experience and interest in data analysis and reporting. You will have the opportunity to work with data visualization, large datasets, communication of insights, and the development of your business understanding in a department surrounded by skilled colleagues.

Your Responsibilities

- Process and transform data in accordance with business rules
- Develop Power BI reports and make changes to existing Power BI reports
- Expand existing semantic models
- Create and expand measures in Power BI
- Conduct and present data analyses
- Prepare documentation
- Perform ad hoc support tasks

Who You Are

We imagine that you:

- Are eager to take on tasks independently
- Are skilled in data visualization
- Have knowledge of SQL and Python
- Have familiarity with Power BI and DAX (advantageous)
- Can understand business needs
- Can communicate data analyses in an accessible language and format
- Are willing to collaborate with both technical and business-oriented colleagues

We emphasize your interest and willingness to learn.

Working Hours and Employment

The position is part-time, approximately 15 hours per week, with flexibility regarding holidays and exam periods

Your Future Workplace

You will become part of the Applied Knowledge & AI department within the Digital division. The department is responsible for data, AI, and knowledge management at Sund & Bælt.

We offer a workplace with a positive atmosphere, a respectful tone, and flexible working hours, as we value a good balance between private life and work life. There are also excellent opportunities for professional and personal development.

Your workplace will be located at Vester Søgade in the heart of Copenhagen.

Does this sound like something for you?

We would love to hear from you. If you have any questions about the position, feel free to contact Mie Hvas at +45 21 80 59 52.

Please send us your application no later than **June 11, 2025**.

We aim to be an inclusive workplace that values diversity. Therefore, we encourage everyone to apply regardless of gender, age, ethnicity, religion, sexuality, or disability.

About Us

Sund & Bælt connects Denmark, promotes greener mobility, and develops the digital traffic solutions of the future. We build with respect for nature and operate infrastructure for the benefit of citizens, businesses, and society.

We are an organization in rapid development, and as a state-owned company, we always work with a long-term and holistic perspective.
